

March 2026 KinsKlub Update-Kris Berg

March is always a wild month. Mother Nature never really knows whether she's ready for spring or not and don't forget the leprechaun shenanigans! That being said we have moved on from all things St Pat's Day with much talk about how we spread kindness even when leprechauns create chaos. Our activities are focused on more springtime thoughts. We are working on counting, trading, sharing and creating. We have been busy making various projects with many different materials. Making our windows full and bright. Just yesterday we created works of art with stampers listening for the count that was rolled with dice to know how many stamps to create a design. We also made cloud rainbows working on fine motor skills to create threaded rainbows on our clouds. Many more bright spring ideas to come. Watch the windows for an ever changing peek into the creativity of our Kinskids.

March is also the kickoff of Read Across America, which we are taking to heart this month, creating our own books and reading a new book series together. Our books are short but heartfelt answers to questions posed to the kinskids. They will be on display within the Kinship house soon! Our Book Nook is having a reorganizational revamp as Ms Keely works on putting a system in place for our kids to know where to find books that are of interest to them. This was a major undertaking and will be a huge help in finding and reshelving books going forward. The kids can't wait to get back to picking out books from our library.

Looking forward to the promised warmth and sunshine of spring - even with April Showers!
